

## APPLY POSLAM END DISTRESS OF ITCHY SKIN

Just call on Poslam to bring you the comfort your suffering skin craves. Let it help you to be free from eruptions and all disorders which mark your skin as needing antiseptic, healing treatment. Unless you know how readily it takes hold, stopping the itching at once, you will hardly believe its effects possible in so short a time.

In Ecema, Poslam's action appears all the more remarkable when the trouble is persistently stubborn and nothing else seems to bring lasting relief. Poslam is harmless always.

Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

## START TOMORROW AND KEEP IT UP EVERY MORNING

Get into the habit of drinking a glass of hot water before breakfast.

Millions of folks bathe internally now instead of loading their system with drugs. What's an inside bath? You say. Well, it is guaranteed to perform miracles, according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and sly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

## STOP BACKACHE. RUB LUMBAGO RIGHT OUT

Here's instant relief! No pain, soreness, stiffness after rubbing with "St. Jacobs Liniment."

Ah! Pain is gone! Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rub with "St. Jacobs Liniment." Apply this soothing, penetrating oil directly upon the ache, and like magic, relief comes. "St. Jacobs Liniment" conquers pain. It is a harmless backache, lumbago, and sciatica relief, which never disappoints, cannot injure, and doesn't burn or discolor the skin.

Straighten up! Stop those tortuous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Liniment" from your druggist now and get this lasting relief.

## WOMEN, HERE IS A MONEY SAVER

Save five to ten dollars quickly by dry cleaning everything in the home just as easy as laundry. You can dry clean suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs, men's clothes—everything that would be ruined by soap. Short-cut everything comes out looking like new.

Place a gallon or more of gasoline in a dishpan or wash boiler, then put in the things to be cleaned and wash them with Solvite soap. Short-cut everything comes out looking like new.

Nothing fades, shrinks, or wrinkles. No pressing needed. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning costs but a few cents at any drug, grocery or department store. Dry clean away from flame or out of doors.

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use.

30c and 60c jars; hospital size \$2.50.

## BRING DEAD HOME, D. C. WOMAN URGES

Widow of Lt. Col. Griffiths Would Have American Women Band To Get Yank Bodies.

Just returned from France, where she viewed the grave of her husband, Lieut. Col. R. H. Griffiths, who died in action, Mrs. Anna M. Griffiths has written to The Times a letter in which she urges that the widows, mothers and sweethearts of men who are buried in France organize with a view to have the bodies of American dead returned to this country.

The body of Lieutenant Colonel Griffiths is interred in a little cemetery at Villers Tournelle. He was a Spanish-American war veteran.

"From Amiens to Villers Tournelle," writes Mrs. Griffiths, "takes an hour and a quarter by automobile. I saw two old French cemeteries, a small French cemetery—just a small garden full of white crosses—and further along was an English cemetery, with about 100 little white crosses. Then came the American cemetery, which is about the same size as that of the British. In other words, I saw five on that ride.

Thirty Men As Guards.

"In order to take care of this little American cemetery, our Government has stationed thirty officers and men, with five automobiles. The automobiles need repairs about twice a week.

"Wherever the American goes the prices soar upward, so the American is not popular among the peasants.

The little camp of thirty men—good Americans—is somewhat isolated. France has a shortage of coal, and the thirty men are very cold. They cannot even get warm water for shaving purposes.

"Bring these few American bodies home from this little cemetery and inter them in Arlington, and they would need no guard."

Mrs. Griffiths says that thousands of acres of ground now utilized for cemeteries could be released for cultivation by the French if the bodies of Americans were returned to this country.

Many British Tourists.

France is filled with the British, who go as tourists or to visit the graves of their fallen. Mrs. Griffiths says Americans are unable to make the journey, she says, because of the distance and the expense.

Here are some intimate facts as to traveling in France which Mrs. Griffiths furnishes.

"During the war, any woman could travel with officers and men except their wives. So it is now. Any woman can go to France except the wives. Our Government has not arranged transportation on transports for the wives of the fallen, although German brides are given first-class accommodation.

"The transports are filled with these women—war brides—while wives of the fallen who went over at all hazards are stranded in England, made to get a berth on the regular liners."

There is no difficulty, Mrs. Griffiths asserts, in getting transportation of tourists, but wives of the American dead are forced to make the best of a difficult situation.
